

1 FTS to 1 RTS (Radio) receiver - Issue 09/09

**Motor Cable Identification**

Direction 1	Brown
Direction 2	Black
Brake	Grey
Neutral	Blue
Earth	Yellow/Green

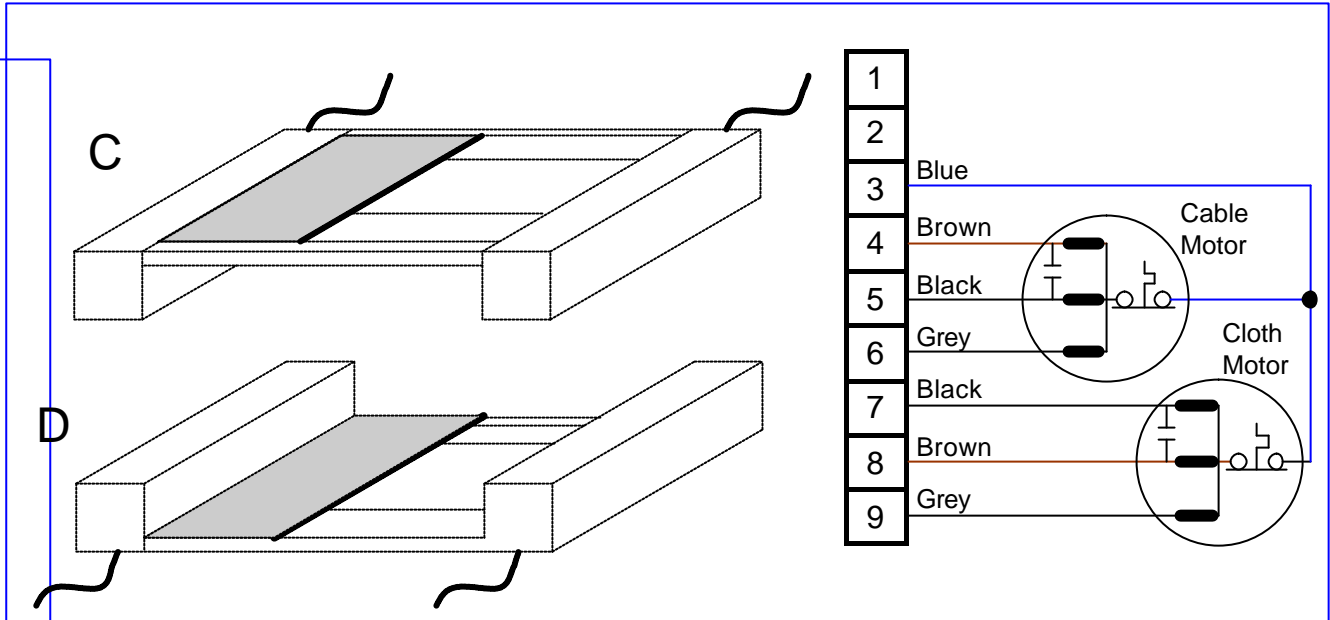

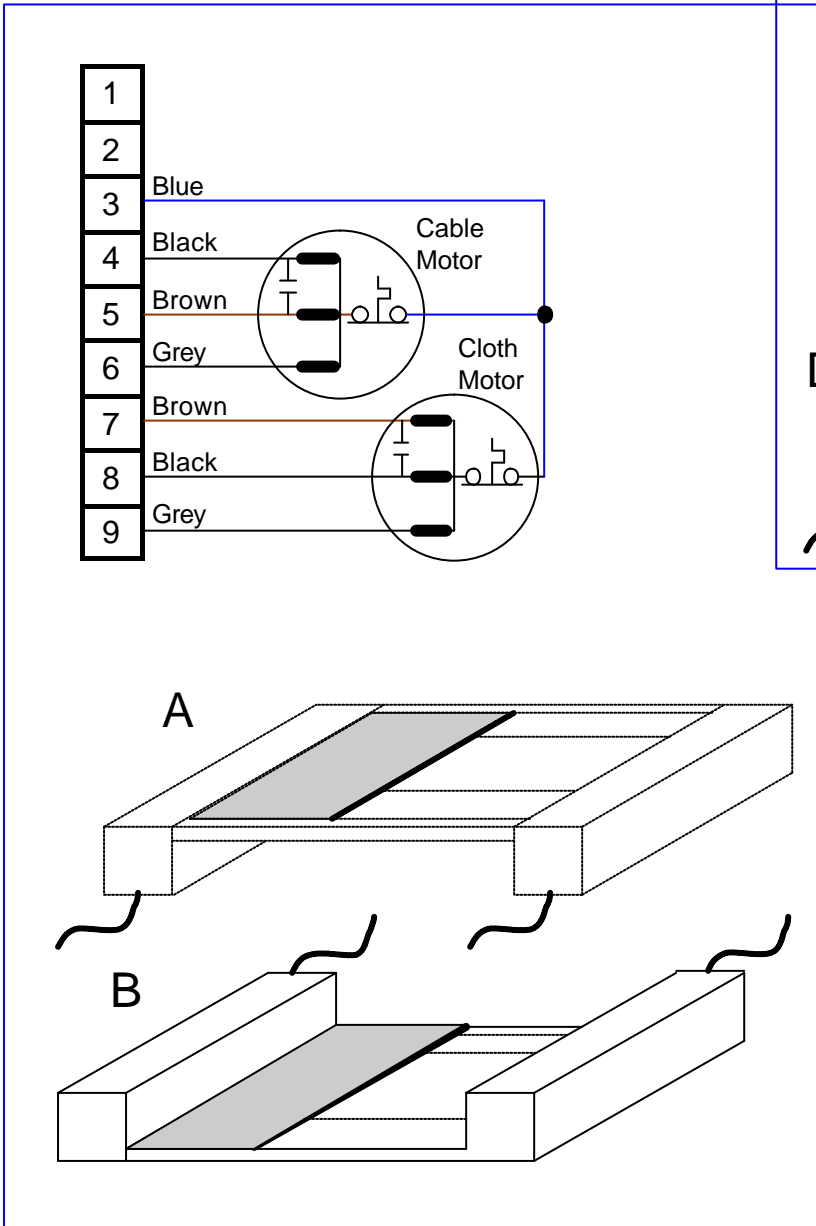

Black and Brown connection will vary according to system set-up.

Motors can be left or Right Hand

**Never Connect more than One Blind into One Control Box**

Low Voltage

Tip:

- One transmitter channel can be programmed to operate up to 8 RTS IB receivers.
- Always make sure the control box is accessible for setting up the blind and for future maintenance (fitting the control box so it is inaccessible when the blind is closed is not a good idea)
